Dear Client,

How do you **maintain** your beavertail trucks?

We know it's no easy task - that's why we are here.

Welcome to Sterling **Support**, a division of the Sterling Group

From technical support to training,
service to parts, our division is **committed** to answering all your
questions, fulfilling any of your requirements and providing you
support.

Give us a call on 01642 713322 or send us an email at
support@sterlinggp.com

Yours sincerely,

Antony James
Managing Director

SPECIALISTS ON CALL

Our collaboration with you starts when your plant body leaves the factory. Always ready to respond wherever and whenever you need us.

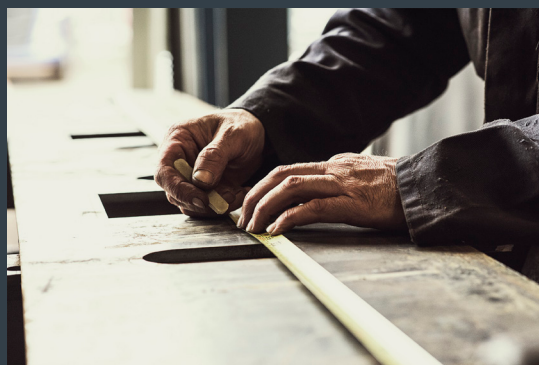

From Cornwall to the Scottish Islands, we work with a network of service agents across the country. With over 160 specialists on hand, Sterling has you covered when you need us most.

SAME DAY DISPATCH

Whenever you need replacement parts to maintain your truck, the authenticity and quality of our Sterling parts will keep your truck in the best possible condition.

Our goal is to keep your downtime to a minimum, so that's why we offer same day dispatch on all in-stock items, when your order is placed before 2pm.

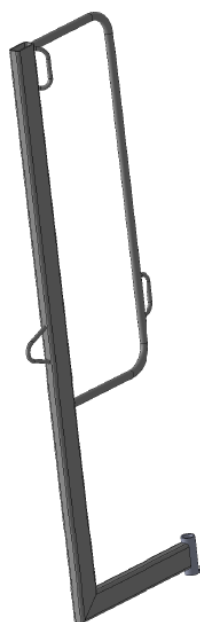

CONTINUOUS IMPROVEMENT

We're constantly looking for ways to improve our process and product, which means every conversation with a customer has the potential to unlock another innovation.

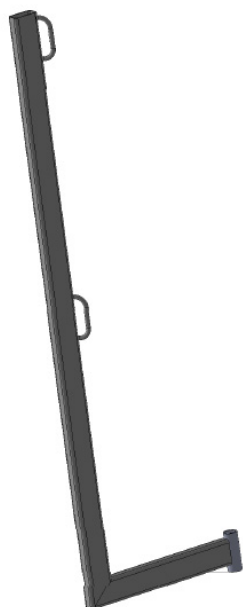

We don't believe in half measures and we definitely don't believe in standing still; that's continuous improvement.
